

## **PARKER'S PEONY & PERENNIAL FARMS 2024 LIST OF PEONIES FOR SALE:**

Parker's Peony & Perennial Farm is a small peony and perennial business which is located at 23409 Desoto Avenue, Tomah, Wisconsin 54660. My name is Scott Parker and I'm the owner and operator of it. I've been a collector and hybridizer of peonies and perennials for over 25 years and over the years and I've amassed an extensive collection of plants with a lot of diversity. Currently I have over 1000 varieties of herbaceous peonies, over 12 varieties of ITOH's/intersectionals, approximately 100 different varieties of tree peonies and a wide selection of perennials which range from the common to the rarest of the rare.

In addition, I'm a hybridizer so literally I have 1000's of peony seedling undergoing evaluation to determine if they are worthy of being named and registered with the American Peony Society- prior to being offered for sale. My goal is to- only introduce new peony varieties which are better than and/or different than varieties which are currently in commerce. If you are looking for a peony variety that is not listed on the 2024 list- please inquire about it because there is a good chance that I have it in one of my display gardens or fields. **NOTE: SOME VARIETIES ARE IN VERY HIGH DEMAND AND IN VERY LOW SUPPLY. THUS, MAKE SURE TO GET YOUR ORDERS AND PAYMENT IN AS SOON AS POSSIBLE SO THE VARIETIES THAT YOU ORDERED CAN BE TAKEN OUT OF INVENTORY AND RESERVED FOR YOU.**

The gardens of Parker's Peony & Perennial Farm are open to the public for viewing and tours for individuals and/or groups- **upon request and making arrangements!!!** The phone number for Parker's Peony & Perennial Farm is (608)378-4778. My peony bloom season starts in the 1<sup>st</sup> or 2<sup>nd</sup> week of May and lasts until the 3<sup>rd</sup> week of June. The peak of my peony bloom season runs from the 3<sup>rd</sup> week in May through the 2<sup>nd</sup> week in June.

### **Peonies For Sale:**

1. **Angelo Cobb Freeborn**(Freeborn 1943)- Hybrid, Unusual coral red double, carried on tall stems with clean foliage. Long lasting cut flower with excellent flower form. Parentage: (Officinalis rubra plena X Madame Jules Dessert) ..... 30.00

9. **Sonoma YeDo**(Tolomeo 2010)- ITOH, full double yellow blooms with light pink center flares which are normally obscured due to the fullness of the bloom. Blooms are 6 or more inches in size and the outer edges fading to an ivory picotee as it ages. Height: 28 inches ....(Rare & Limited)..... 150.00

## **SPECIES PEONIES:**

1. **p. ostii**- is a species of tree peony and their blooms tend to have a single to semi double flower form. Their petal colors range from pure white to light blushes of pink and they have a center of golden yellow pollen bearing stamens. These are very large 6-7 year old blooming sized tree peonies which were grown from seeds. They are very fertile both ways as a pod or pollen parents and they tend to be very winter hardy to at least Zone 4. .... 75.00
2. **p. peregrina** (Banat Region)- Species peony of single flower form. True red colored guard petals with a center of golden yellow stamens. Height is 18-26 inches. .... 30.00
3. **p. tenifolia 'flora plena rubra'**- very early(week 1) bloomer with brilliant red double blooms. The foliage is very narrow and fine like a ferns leaf. Thus, this peony is often referred to as the fern leaf peony. **NOTE:** it has usable carpels so it can be used as a pod parent. It must be grown in well drained soil and not over watered. This peony variety goes dormant in late July or early August. Height: 16-18 inches. .... 50.00
4. **p. tenifolia rosea 'Kinlen'**- light pink single flowers with a center of golden yellow stamens. This select variety of p. tenifolia rosea has larger flowers and more vigorous than other single pinks. **NOTE:** Easily fertile both ways- as a pod and pollen parent. Height: 16-18 inches and is a very early bloomer- week 1. Plants often go dormant in August. Very limited and rare!!! ..... 90.00

**ADDRESS:** Parker's Peony & Perennial Farm  
23409 Desoto Ave.  
Tomah, WI 54660-4272

**PHONE NUMBER:** (608)378-4778 If you have any question feel free to call. If I don't answer- please leave your phone number and a detailed message.

**PAYMENT:** Must be made by cash, check or money order and included with your order form.  
NOTE: I do not accept credit card payments.

**SHIPPING:** Normally, I only ship peonies to the **continual United States of America** and those shipping costs are \$14.00 per order for 1-3 peony roots and an additional \$2.00 per root for each root over three roots.

Example: Shipping for a 6 root order would be  $\$14.00(3 \text{ roots}) + \$6.00(3 \text{ roots}) = \$20.00$   
Total cost for shipping 6 peony roots.

NOTE: Orders will be shipped between September 15 to the end of October.

## THE GOLDEN RULE FOR PEONIES IS: SLEEPER, CREEPER, & LEAPER.

1. THE 1<sup>ST</sup> YEAR THE PEONY SLEEPS.
2. THE 2<sup>ND</sup> YEAR THE PEONY CREEPS.
3. THE 3<sup>RD</sup> YEAR THE PEONY LEAPS.
